

Brian & Courtney

Hello!

We are Brian, Courtney, Callie, and Knox. We are honored to introduce ourselves to you. We want to start by saying we admire your strength and selflessness for exploring adoption for your child. Adoption has been on our hearts for many years and through prayer and careful consideration we know that growing our family by adoption is the right path for us. We have been happily married for 10 years and have two kids who are extremely excited for a baby brother or sister. Hopefully by exploring our profile more you can see that your child would have a safe, fun, home filled with unconditional love. We would love to build a strong open relationship with you if you're comfortable. Thank you for considering us and we hope we get the chance to meet and learn more about you soon!

our story

WE MET IN 7TH GRADE AND HAVE BEEN BEST FRIENDS EVER SINCE.

It wasn't until later in life we would realize that spending forever together was obvious. We will be married 10 years this year and feel like our fun is just beginning.

We feel it's important to live life to the fullest and do what you love most. We are passionate about giving back to our community and helping others in need which we think is important to teach and instill in our children.

We are extremely grateful to have been blessed with two biological children but feel our family is not yet complete. It has been on our hearts even before we got married to look at adoption as a way of growing our family and with another pregnancy being medically unsafe, prayer and careful consideration has led us to adoption.

ABOUT BRIAN BY COURTNEY

Brian is smart and kind and so much fun to be around. Fun fact: in high school he was voted "most fun to be with" and after spending just minutes with him, you understand why. He is quick witted, hardworking, and loves his friends and family unconditionally. He can talk to anyone in a room, doesn't know a stranger. He's an incredible father, always teaching the kids new things and wanting to help them grow and learn. He is always up for a diy project no matter how crazy my ideas get. He's an extremely talented singer and loves playing guitar and having dance parties with the kids. He makes our lives more fun, and we love him so much.

ABOUT COURTNEY BY BRIAN

I love Courtney's sense of humor. We've spent so much time laughing together over the years. She's also selfless, caring, and kind. She works hard to make sure everyone in our family has their needs met. She makes sure our kids know how loved and supported they are every day. She loves to decorate our home and makes sure we are always festive depending on the season. She loves to volunteer her time supporting our community. Courtney is the one that friends and family call when they need something.

BIG SISTER : CALLIE

Callie is 7 years old. She is smart, full of energy, funny, but most importantly one of the kindest humans we know. She loves to dance, play soccer, sing, and craft. She is excited to help with a baby and give lots of hugs and snuggles. She's not too sure about diapers yet.

BIG BROTHER: KNOX

Knox is 5 years old. He is wickedly funny, adventurous, caring, and can warm our hearts immediately with one of his bear hugs. He loves ALL things sports and Mario. He is excited to be a big brother and teach his younger sibling how to build Legos.

MEET CHARLIE AND FRANKIE

Charlie is a 10-year-old cockapoo and Frankie is a 1.5-year-old cavapoo. They are sweet dogs and love being around kids.

HOME SWEET HOME

We absolutely love our house — it has plenty of room for kids to run and grow. We are in a quiet neighborhood where neighbors are always outside saying hi, kids ride their bikes in the street, and there are two awesome playgrounds to choose from. We love entertaining and hosting for the holidays but the best part about our house is how close we are to so much family and the neighbors who have become like family.

CAREERS

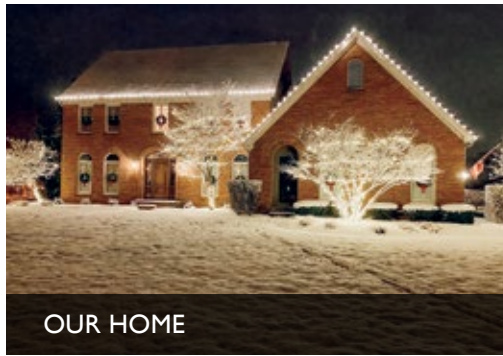

BRIAN: I've been a Mortgage Banker for over 10 years, and I love what I do! I am fortunate to be part of a great team, which allows me take time away and focus on sports and other events for the kids

COURTNEY: I own a online shop that sells curated vintage items. I am fortunate to work on my own schedule so that I can be at home with the kids and involved in volunteering at their school and in the community.

OUR FAMILIES

BRIAN'S: I come from a big Catholic family. My dad is one of 11 kids so I have many cousins and most still live nearby. I am the youngest of three boys. My oldest brother lives in Arizona with his wife and four kids who we luckily get to see once or twice a year. My middle brother lives seven minutes away from us with his wife and their two kids. We are extremely fortunate to have my dad as our pediatrician and just down the street from us. My mom and her parents also live close by and love spending time with the kids babysitting.

COURTNEY'S: I am the youngest of 4 kids. I am fortunate that we all live in the same city and get to watch each other's kids grow. My parents have been married for 40 years and live 10 minutes away from us. We get lots of Mimi and Poppy time and cousin time!
