

Chris, Paige, & Breslyn

We are truly humbled that you are taking the time to review our profile as you consider the plan for you and your child. We know this is a deeply personal and emotional decision, and we are honored to be a part of your journey.

Our daughter, Breslyn, joined our family through adoption in 2024 and becoming her parents has been the greatest gift of our lives. Through our experience, we have seen firsthand the incredible strength, love, and selflessness it takes to make an adoption plan. Because of this, any child placed with us will always know how deeply loved they were from the very beginning and how a courageous and intentional decision brought them into our family. We will always speak with respect, gratitude, and admiration for their birth parents.

We believe it is important for a child to understand their story and have a connection to their biological family in a way that feels comfortable for you. We are committed to honoring the level of openness you desire and will always share pictures and letters, ensuring your child knows where they came from and how much they are loved.

Our home is filled with love, laughter, and a deep appreciation for the family we have been so blessed to build. We have thoughtfully prepared ourselves for this journey and are excited about the possibility of growing our family again through adoption.

Thank you for considering us as potential parents for your child and for allowing us to share a small glimpse of our lives. We hold immense respect for you and the loving decision you are making.

Our Story

We met in 2011 in a Business Management class in college. Paige played collegiate volleyball and Chris was in a sports-related role in Student Government and naturally became Paige's biggest fan (foam finger and all). After a year of friendship, Chris convinced Paige to go ice skating, promising this one-on-one time was "not a date". That "not a date" turned into marriage in 2015. In 2024, our family grew through adoption when we welcomed our daughter, Breslyn.

Paige (by Chris)

Paige embodies what it means to be fun, loving, caring, and a truly good hearted person. Paige loves spending time outdoors—whether that's taking a walk together in the neighborhood with our daughter and pup, hitting a volleyball in the backyard, or camping & hiking with her younger sisters. She is also an avid reader and loves to keep me up-to-date on how many books she reads each year (more than 50!).

What I love about Paige the most, outside of her fun and bubbly personality, is how effortless it is for her to show and share compassion with anyone she is around. She is someone who asks questions and loves to engage in conversation about any topic you can name. She is the first person to help in any situation—no questions asked. Her personality and energy are what draw so many people to want to be around her and I admire that about her so much. When our daughter needs comforted, she always turns to Paige.

Paige has been the best mom to our daughter and these are just a few of the reasons I think Paige would be the best mother to any child placed in our home. Every day it would be her priority and honor to make sure any child in our home felt loved, cared for, and heard.

Chris (by Paige)

The thing I love most about Chris is that he loves his people well, and I am honored to be one of those people. His love for Breslyn and I is evident in the way he takes care of us. He won't walk out of the room without asking me if I need anything. I love his team mentality in our marriage—you can find him helping with dishes, laundry, dirty diapers, and chasing Breslyn around when I need a break.

Everyone who knows Chris loves him—he is so fun to be around and has a gift for bringing people together. We often watch games on the back patio and he grills food for everyone. Chris loves hosting and providing for people. He is very passionate about Michigan State sports, even during losing seasons, and handles all the trash talk with a smile and a witty comment.

One thing I love about Chris is that he is not scared of anything—he's always ready to try a new hobby or try out a new sport (pickleball) or plan a vacation to a new country (Australia). I admire his fearlessness!

Chris is a devoted father to our daughter, Breslyn. She lights up when she is playing with him, and the bond they share is full of laughter. Chris adores her beyond words, and it shows in the patience, kindness, and enthusiasm he brings to fatherhood. Any child loved by Chris will be immensely blessed by his fun, positive spirit and his steady, loving nature.

Pictured to the left is our mini cockapoo, Gabi. Gabi is a loving and loyal dog who loves cuddling with anyone she meets! She loves to run around in her big

backyard, play fetch, and sneak as many treats from her humans as she can.

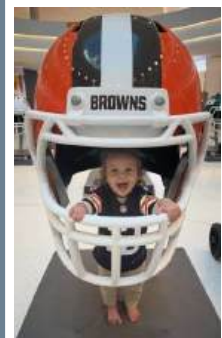

About Breslyn

Breslyn is a curious, bubbly 1½-year-old who brings constant joy and laughter into our home. She loves exploring her surroundings, pointing out things that catch her attention, and proudly sharing her excitement with others.

One of her favorite things is cuddling—she is happiest snuggled up for a book, a quiet moment, or just being close. Like many toddlers her age, she is just beginning to use words, and her favorite one is “puppy,” which she says with pure excitement anytime she sees one.

Breslyn is gentle and thoughtful and we love watching her learn kindness even at such a young age. We are grateful to have an open adoption, and Breslyn sees her birth mom multiple times each year. Those visits are filled with love and familiarity, and they are an important and cherished part of her life and story.

We already see how nurturing Breslyn is, and we know she would be the most loving big sister to any child placed in our home. She delights in helping, notices when others need comfort, and has a natural warmth that draws people in. She loves to offer gentle hugs, share her toys, and giggle with other children.

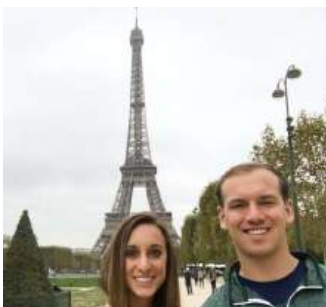

Our Hobbies

Exploring the world has been a huge passion of ours and is something we desire to share with any child placed with us.

Some of our favorite places we have traveled to internationally are Paris and Cabo. Our favorite places to travel domestically are Florida and Hawaii. Chris grew up going to Disney World frequently and this is a memory we would also love to share with any child placed in our home.

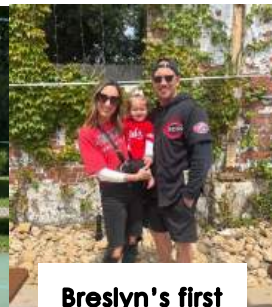

We enjoy being outside as a family and sharing new experiences with our daughter. We love spending time with our friends at the park, going to COSI, and baseball games!

Our Home

In February of 2023, we designed and moved into our new home. Our home has 4 bedrooms and is in a newer community close to a local metro park with miles of trails to explore. Our neighborhood also has a community pool that you can find us at most sunny days.

Our favorite thing about the community we live in today is the amount of friends we have with children who are always outside playing. Any child placed with us will have plenty of time playing with all of the neighbors!

Our neighborhood also frequently puts on events for adults and kids. From a huge 4th of July party to many houses participating in trick or treating there is always something going on in the neighborhood for the kids to do!

Our Extended Family

We love to spend time with our extended families. Both sets of parents have been married for over 30 years and are wonderful examples of loving and healthy marriages for us.

For every birthday, Chris' family gets together to celebrate. Chris' grandparents also have a pool where we spend many weekends in the summer swimming together. Chris' favorite family tradition is playing bingo and eating pumpkin pie every Thanksgiving. Chris and Paige also enjoy playing games with Chris' brother and sister-in-law.

Paige's family lives on a small farm where they raise beef cattle and grow soy beans and corn. Our nephews love to show us the animals and teach us all about farming which they get from Paige's brother, a farmer, and sister-in-law, a middle school teacher. Paige and Chris live close to Paige's two sisters and we often host them and their significant others for family dinners, game nights, and hanging out on the back patio. Any child placed in our home will be showered in love by both Chris and Paige's extended families and have lots of play time with our 2 nephews and 2 nieces.

Career & Education

Paige graduated college with a degree in Finance & Accounting. Paige is currently a Consulting Manager with a firm specializing in I.T. systems.

Chris graduated college with a degree in Finance and has a Master's degree in Leadership. Chris is currently a Client Executive for a firm specializing in retirement plans.

We are very fortunate to work for companies with flexible time off and work-from-home options that would allow us to prioritize our family.

Our Promise

We are honored that you took the time to learn more about us and the life we want to provide any child placed with us. Although this profile is focused on us, we want you to know that we look forward to learning more about you and the desires you have for your child. We are committed to any level of openness you are comfortable with and look forward to answering any questions or providing more information.
