

DAVID & MEGAN

"IF YOU REMEMBER ME CALL ME, IF YOU DON'T REMEMBER ME CALL ME"

February 2012 Megan ordered take out from the restaurant and when she got it home, in the bag was a note: "If you remember me call me, if you don't remember me call me". Needless to say the note was from David and yes, Megan called!

DAVID AND MEGAN'S STORY

In 2012, David, a waiter, crossed paths with Megan, a new town resident. A chance encounter during Megan's family dinner sparked an instant connection. Determined to reconnect, Megan ordered takeout from the restaurant in February 2012. To her delight, she found a note from David in the bag, urging her to call. Without hesitation, Megan reached out, commencing a beautiful journey of love. By December 2012, they were engaged, and in October 2014, they joyfully exchanged vows, sealing thier love.

DAVID

Since David could walk he's been drawn to the ice. At the age of 5 he was in ice skating lessons which then evolved to his sport of choice, ice hockey. David still plays annually at a Father's Day drop in game with many family members and friends. Ice hockey was David's first passion which then led to other activities growing up such as soccer. David was involved with many teams and leagues growing up. As a young adult David also coached his younger brother's hockey team.

Post high school David was led to become a firefighter with a volunteer department for three years. There he was able to develop life long friends who are like family. In order to supplement a volunteer firefighters income David was a server at a restaurant, it was in that profession he was able to meet Megan. After meeting Megan in 2012, David knew he wanted to be able to provide for a family and his soon to be wife. It was in 2013 when David picked up a trade as a tool maker and since has been thriving in his career. David works hard to provide for his family and does so from a loving heart. When David isn't working he enjoys playing disc golf with friends and finding new restaurants. David is a bit of a "foodie" trying new restaurants is very enjoyable for him. His true passion is Pho and Ramen restaurants!

About Us

MEGAN

As a child Megan enjoyed trying many different activities and sports, from performing in musicals and piano lessons to playing softball and tennis. To this day Megan still enjoys many activities staying active, by riding her bike on the metro park trails and taking long walks with the family dogs. Growing up Megan also had an artistic knack that as an adult she uses to restore and refurbish furniture in her free time. After earning her undergraduate degree Megan then went on to work in her industry while going back to school to earn her cosmetology license. Megan also earned her cosmetology instructor's license and taught cosmetology for 2 years. Megan now works as a hairstylist in a salon that is a part of a nonprofit ministry. Her work there started as a volunteer position that has since evolved to a paid position. Megan has never met a stranger with her heart of compassion and warm smile. She enjoys being active in neighborhood activities such as summer block parties for the kids in the neighborhood and trunk or treat planning with the HOA. Once we are able to expand our family Megan plans on working part time which will be 1-2 days a week.

FAMILY MATTERS

ABOUT US

We have been married since 2014 and have settled our roots in central Ohio. We both come from large families and have dreams of having a big family of our own one day. We both have hearts full of compassion and decided to open our hearts to adoption. We are transplants to central Ohio, in 2015 David's career brought us here and since have made it home. In 2020 we built a house in a new housing development that is full of young families. We live in a suburb close to a thriving downtown area. We love living in the suburbs because we have many wonderful metro parks and have a "small town" feel yet 20 minutes away is a thriving downtown atmosphere!

FAMILY

We are fortunate to have a combined total of eleven nieces and nephews, ranging in age from 2 to 12. Since relocating to Ohio, most of them only live one state away, allowing us to frequently journey to "the state up north."

Coming from deeply bonded families ourselves, we strive to maintain that closeness for our nieces, nephews, and future family members. During the summer months, we engage in various activities such as state park camping trips with Megan's parents and celebrations with David's family. Family gatherings are not limited to the summer season, as all holidays are marked by cherished traditions and shared moments.

Food lies at the heart of our family gatherings! We treasure our numerous traditions, with one beloved ritual being a trip to a Japanese steakhouse to celebrate birthdays. Whenever we visit family in Michigan, we happily rent a lakeside house for extended periods, giving us ample time to reconnect with everyone. On one occasion, we managed to squeeze in a whopping 23 people under one roof!

DEAR BIRTH MOM,

Hello! We are David & Megan, thank you so much for taking the time to read a bit about us. It is our pleasure honor to tell you our story.
